

REMARKS

This Supplemental Amendment is submitted in response to the Advisory Action and Notice of Non-Complaint Amendment dated October 16, 2007, the time to respond being until November 16, 2007. Claims 1, 3, and 5 are previously allowed. Claims 2, 4, 9-10 and 12 are previously canceled. Claims 6-8, 11 and 13-18 stand rejected. Reconsideration and allowance of claims 6-8, 11 and 13-18 are respectfully requested. Claims 6, 8 and 16 are herein amended.

By the advisory action, the Examiner observed that the suggested limitations added to claim 6 were recited in the preamble and thus lacked patentable weight. The claim has been amended to incorporate the limitation into the body of the claim.

By the Notice of Non-Compliant Amendment, the Examiner observed that the amendments to the claims were not properly marked to illustrate the changes over the prior version. This deficiency is herein corrected.

In view of the above amendments and remarks, it is believed that this application is now in the proper condition, and a Notice of Allowance is respectfully requested.

Respectfully submitted,
